“

The Loire Valley is one of the most beautiful places on earth and is the place I feel the most relaxed and far away from the stresses of day to day life. The Chateau's location in the breadbasket of France gives access to the finest cuisine and wine. It truly feels like our home away from home. We love it.

We see our investment in Chateau de Jalesnes as a life-long life-style decision. As I head towards the end of my career we fully expect to spend more and more time there and also share it's joys with all generations of our family.

THE REGION

“
We've always loved the peace of the countryside, the French way of life and 5 star quality. When we were introduced to Chateau de Jalesnes it was a very simple decision to invest.

The Chateau de Jalesnes is a hidden jewel next to the village of Vernantes. Only 15 minutes drive from Saumur, this place is set in the heart of the Loire Valley, making it an excellent base to visit the area.

We have now visited many times in the last four years, each time finding new areas to explore, experiences to enjoy, food to salivate upon and wine to adore.

Our children also enjoy the open space of the chateau, the adjoining woodland area, exploring the folly and hunting for easter eggs. After a week away at the chateau, we feel well rested and ready to return to our busy lives.

What time we cannot use in the chateau, we give to our friends, who stay at the chateau and use it as a base to explore the region.

The feedback we receive is always glowing, from the warm welcome delivered by the managers, to the cleanliness of the facilities and the area as a tourist destination. They all love it so much, they cannot wait to return once again.

A grand, ornate interior room, likely a living area in a chateau. The room features a patterned floor with dark diamond shapes on a light background. A large, tufted leather sofa is positioned on the left. In the center, there is a round table with a decorative centerpiece. The room is decorated with classical architectural elements, including columns and a chandelier. A large mirror and a desk are visible on the right side. The ceiling has exposed wooden beams.
